## ABOUT ME

Motivated Full Stack Developer with expertise in HTML, CSS, JavaScript, React, and Tailwind CSS. Proficient in building responsive and interactive web applications. With knowledge of C and Java, I bring a strong technical foundation to my work. Passionate about creating user-friendly and efficient solutions.

## EDUCATION

10TH (83.5%)

SVM Inter College, Sitapur  
2020

12TH (77%)

SVM Inter College, Sitapur  
2022

B.TECH. (CSE)

Invertis University, Bareilly  
2022-2026

## TECHNICAL SKILLS

- HTML
- CSS
- JavaScript
- Tailwind CSS
- React Js
- Node Js
- Express Js
- MongoDB
- MySQL
- C
- Python
- Java

## SOFT SKILLS

- Teamwork and collaboration
- Problem-solving
- Time Management
- Adaptability

## PROJECTS

### AI Component Generator

Developed an AI Component Generator that creates reusable UI components from user prompts using the Gemini API. Built with React and Tailwind CSS, it provides real-time code generation, live preview, and easy customization to enhance developer productivity.

### World Atlas

A comprehensive web application built with React JS, providing detailed information about countries worldwide, including flag, population, capital, region, currency, top-level domain, and more. Users can search for specific countries to fetch relevant data. The project utilizes APIs for data fetching and offers a user-friendly interface. Built with React JS and CSS for a seamless user experience.

### Personal Portfolio

A showcase of my skills and experiences as a MERN developer, built with React JS and Tailwind CSS. This portfolio highlights my projects, achievements, and expertise in crafting responsive and interactive web applications. With a clean and modern design, it demonstrates my ability to create visually appealing and user-friendly interfaces.

### RazorPay webpage clone

A precise replica of the Razorpay webpage, built using Tailwind CSS. This project showcases my skills in leveraging Tailwind's utility-first approach to create responsive, customizable, and visually appealing interfaces with ease. Demonstrates expertise in utilizing Tailwind's pre-defined classes for efficient styling and layout.
